Cape Coral's First GREEN Luxury Home

Koogler Homes, Inc. - Luxury home builders in Southwest Florida announced today that they are building the 1st Green luxury home in Cape Coral. The 5000 sq ft riverfront home will be the 1st of its kind in Cape Coral. Don Koogler President of Koogler Homes says, "We can build a luxury home lean and green!" It is about time that builders as well as consumers start using the technology and the incentives that are out there. It is a win, win for all of us. The Consumer, The Environment and the Builders.

We are building a 5000sq ft home using every new technology that is available to us, such as Solar Electric Power System not just for the basic electric but for Pool Pumps, Pool Heating, and Tankless Water Heaters. Also being used is a Grey water systems that will reuse shower, dish, washing machine water after filtration to use in toilets and gardens. Special non toxic insulation system that will use organic materials to keep the house cool in summer and warm in the winter.

A few of the green products that will be used are Low- VOC paints and glues, recycled wood and glass, and advanced lighting. "This is the future, and we are happy to be leading the way."

Don Koogler has been building Luxury Homes in Southwest Florida for over 12 years. We are now proud to add that Koogler Homes is leading the way in Green Building. Koogler Homes our signature is on every home.
